Material List for classes with Dan Kaczka

Build a Clay City

Clay Creations

Sculpting with Clay

These classes focus on working with clay, but students can paint their work after class ends. For painting clay artworks, acrylic paints are recommended, but any kind of craft paint, tempera, or watercolor should work as long as clay has sufficiently air dried. We can discuss this on the last day of class. Materials needed for class listed below:

Students will need to purchase and pickup ½ a bag of airdry clay (12 ½ lbs.) from VisArts before class begins. **Or, you can order airdry clay online and have it delivered to your home:** https://smile.amazon.com/AMACO-AMA46317P-Clay-Gray-lbs/dp/B0009RRTA8/ref=sr_1_1?dchild=1&keywords=amaco+clay&qid=1593466085&s=industrial&sr=1-1

- Sturdy table or smooth floor for workspace (no carpet).
- Rolling pin or similar tool for slabs.
- Water cups
- Fork and butter knives for building.
- Plastic to cover artwork in progress (dry cleaning bags, clean trash bags, etc).
- Plates/board to transport artworks helpful but not required.
- Objects to add texture helpful but not required.
