

Hand Drawn Animation with Maja Olsson

- Light box
- Professional or Makeshift
 - To make a Makeshift light box:
 - Sheet of plastic or glass
 - Books to hold the clear surface above a light source.
 - Light source can be a headlamp or flashlight app on a smartphone.
- Computer paper (24 pieces makes 1 second of animation)
- Drawing utensils → pencil, eraser, and a pen.
- Smartphone
 - Stop Motion App downloaded before class begins

Optional:

- Color pencils, markers, or crayons
- Access to a photocopier
- Animation software like Adobe
