

PLEIN AIR LANDSCAPE WORKSHOP

MATERIALS LIST

Because this is a weekend outdoor drawing session you will be responsible to bring whatever drawing, Watercolor paints, paper or other supplies that you may need

Here are some basic examples of what you may want to bring

Keep in mind you will be out of doors so you will want to travel light and be able to carry them in a pack or something like that

WATERCOLOR

A small Palette containing all your colors and enough room to mix them

And a selection of paints. Here is a basic sample palette:

Ultramarine Blue

Phthalo Blue

Cerulean

Viridian

Phthlo Green

Sap Green

Cadmium Yellow

New Gamboge

Yellow Ochre

Cadmium Red

Alizarin Crimson

Burn Umber

Burnt Sienna

Sepia

Raw Umber

That is the minimum that I would use but you may add any other colors you want including, Lemon Yellow, Cobalt Blue, Hookers green, Indian Red, Permanent Rose or Rose Madder Permanent

PAPER or other drawing surface

You are welcome to bring any papers, Sketchbooks, journals or Watercolor blocks that you wish

You are also welcome to work as Large or as Small as you wish

If you are using Watercolor I would recommend one of the Watercolor “blocks” of whatever size you want that way not only do you have several papers you can work on you also have paper that is ready to use and already on a hard surface and really don't need a drawing board to attach it to. A Block of Arches 140 lb. 20 Sheet Cold Press Block 10X14 can be around \$40, but there are probably cheaper pads out there if you want

If you do buy larger or loose watercolor paper you will need a good drawing board to use and I would recommend having the paper prepared and taped down. Again, you are welcome to work as big as you want but keep in mind you have to carry it around!

I would recommend a smaller of sketchpad of regular paper for working out composition or other ideas this can be with a pencil so bring a couple of those too

BRUSHES, Bring several at least, also some wider sponge brushes for washes

WATER JARS a couple of these at least, plastic works best...

Also, you may want to bring...Sponges, paper towels, spray bottle, Masking fluid

How about some snacks, packed lunch, or something to drink?

Might as well have a picnic too! Let's enjoy the day!
