Instructor: Andrew Lattimore

TRADITIONAL PAINTING: Tuesday, 1:00-4:00PM

This class will focus on developing your painting skills through painting the still life. Each week you will construct a simple still life composed with items around your house, for example; coffee cup with a muffin, bowl with fruits or vegetables, small vase with flowers from your garden, glass of wine with cheese and crackers. During the class, students will share their painting with the group and I will provide constructive feedback as well as answer any questions at that time. We will discuss many elements of painting such as value, design, composition, and color. The first day I'll review the objectives of this class, including materials and your assignment for the week. I will also do a demonstration of a still life.

Materials:

Canvas Board Sizes: 8x10, 9x12 (Total of 6)

Paint: White
 Yellow Ochre
 Cadmium Yellow Light
 Cadmium Yellow Deep
 Cadmium Red Light
