**The first two-four classes we will be doing mostly watercolor and gouache to develop our painting skills, then I will send you out to get some acrylics from lowes because it is a very cost effective way to get into color! I will explain all of this on our first day:) you’ll need about \$20-30 for the acrylics later in the class. If you have any questions about the supply list email me!!!!

Also Scrap RVA is a local art thrift store, they have a massive amount of brushes sometimes a bundle is 10 cents!
