

Learn to use a sewing machine (zippered pouch) supply list:

- ½ yard medium weight cotton woven fabric
  - This can be any color or pattern,
  - If you prefer you can bring in two different colored or patterned fabrics ¼ yard each

For this class it takes about ¼ yard of fabric to complete the project. I recommend bringing in ½ yard of fabric total to give yourself room for error. The zippered pouch will be made out of one 2"x15" rectangle for the strap, and four 9.5"x6.5" rectangular pieces of fabric, two for the outside of the bag and two for the liner (you may use two different colors of fabric for the liner and exterior fabric of your bag.) Zippers will be provided.
